WEDDING PRICING GUIDE

YOUR WEDDING DAY

Wedding sessions include coverage of your wedding day.

Coverage starts when you are getting ready for your big day and end late into the evening.

Capturing your wedding is more than the ceremony, it's capturing the natural moments that happen through out the day, and during the reception. My desire is to capture your day as it unfolds, capturing the honest moments, laughs, smiles and tears. My lifestyle approach to your wedding day will allow you to look back and remember the day not only as it looked but how it felt. You will remember the love, happiness and passion you and everyone present felt on the day.

Traditional portraits of both families, wedding party and you and your partner.

500 simply retouched images are delivered in a private online gallery for your order viewing within 12 weeks of your wedding. All collections include a complimentary Engagement Session.
